

Reignite the Passion of Learning

Technology-based Learning Solutions for Homeschool Students and Christian Schools

Comprehensive and Bible-based, Ignitia is the newest online learning management system from Alpha Omega Publications. Built exclusively for Christian schools and now being brought to homeschool students through **Global Student Network**. This web-based curriculum includes core and elective courses for students in Grades 3-12, including Bible, math, science, language arts, and history and geography.

Ignitia is rigorous, interactive, and flexible. As your primary curriculum or as a part of a blended learning program, it includes the effective teaching and learning tools you've come to count on from AOP and **Global Student Network**.

An intuitive online interface, streamlined efficiencies, and interactive features support digital literacy and enrich the educational experience for Christian students and their families.

Advanced administrative control – Multiple administrators can be specified for a single school to increase flexibility and security.

Progressive scheduling and lesson planning – Dynamic scheduling and rescheduling allow administrators to globally manage school schedules for multiple terms. The application automatically updates when changes are made to the calendar.

Flexible custom course editor and threshold setting – Courses can be created, shared, and adapted to support differentiated learning and meet unique student needs.

Smart search and filtering functions – Relevant data can be quickly retrieved from targets list to increase efficiency and simplify reporting.

Strong, reliable security safeguards – Role-based access controls, automatic session expiration, and other security features enforce and support a credible learning experience.

Intuitive, easy-to-use interface – The look and feel of Ignitia facilitates navigation and guides users seamlessly through the curriculum.

Built with the experience gained by providing effective Christ-centered curriculum since 1977, the powerful Ignitia learning management system allows Christian schools and homeschool students to benefit from the latest digital technology available in the Christian market while holding true to traditional values founded on faith.
